2019-20 EVENTS

New York Hall of Science • 47-01 111th Street • Queens, NY 11368
718 699 0005 • www.nysci.org

Escaping the City Noise

Tuesday, September 10, 2019, 5:30–8 pm

Neuberger Berman
1290 Avenue of the Americas, New York, N.Y.

How does the noise of the city affect your health? Learn from experts in neuroscience and developmental psychology about some techniques to mitigate these effects.

Resilient NYC – Green Roof Tour

Tuesday, September 24, 2019, 5:30–7:30 pm

Brooklyn Grange
37-18 Northern Boulevard, Long Island City, N.Y.

Visit a working roof farm, discover how it reduces carbon emissions, and learn how NYSCI staff demonstrate these concepts to museum visitors.

Supporting Women and Girls in STEM: Women Power the Future

Wednesday, October 16, 2019, 6–8 pm

Google
111 Eighth Avenue, New York, N.Y.

How can STEM innovations provide alternative sources of energy to power our cities?

Spring for STEM: Sustainable Cities

April 2020, 5–9 pm

The Cosmopolitan Club
122 East 66th Street, New York, N.Y.

Our sixth annual signature event features a conversation about what can be done to improve the viability of our urban centers.

NYSCI Showcase

May 2020, 6–8 pm

Location to Be Announced, New York, N.Y.

Join us for a rooftop cocktail in Manhattan and meet the creators of imaginative programming integrated with *City Works* at NYSCI.

NYSCI Behind-the-Scenes

President's Council members also have exclusive opportunities to participate in prototyping sessions, attend field trips with students from our Science Career Ladder program, and more as we shape this initiative. Invitations will be sent separately.

Starting this year, our events will focus on different aspects of urban transformation and resilient cities, tying directly into NYSCI's newest initiative, *City Works*. This iconic exhibition will align with innovative digital tools and a suite of community programs to provide world class learning experiences that prepare citizens to contribute to critical decisions shaping the future of cities in which they live.

As we turn our ideas into reality, we invite you to serve as thought leaders and partners — working with us to explore all aspects of city systems. Your annual membership through the President's Council provides foundational support that allows us to showcase this important topic. We hope you will join us.
